

英菲尼迪横屏Q70二代CD机区分图

Infiniti landscape Q70 second generation CD player distinction

原车CD机背面图
Back of the original CD player

- 1. 后视镜转接线
Rear view adapter cable
- 2. 是原车屏线
original car screen line
- 3. 是电源线
Power cord
- 4. 头枕线
Headrest thread
- 5. 是CAN线
CAN line
- 6. 是空调线
Air conditioner cable

注意，5和6别插错，插错会烧原车空调，也有可能会出现另一种问题
Note, 5 and 6 do not insert the wrong, insert the wrong will burn the original car air conditioning, there may be another problem

图①

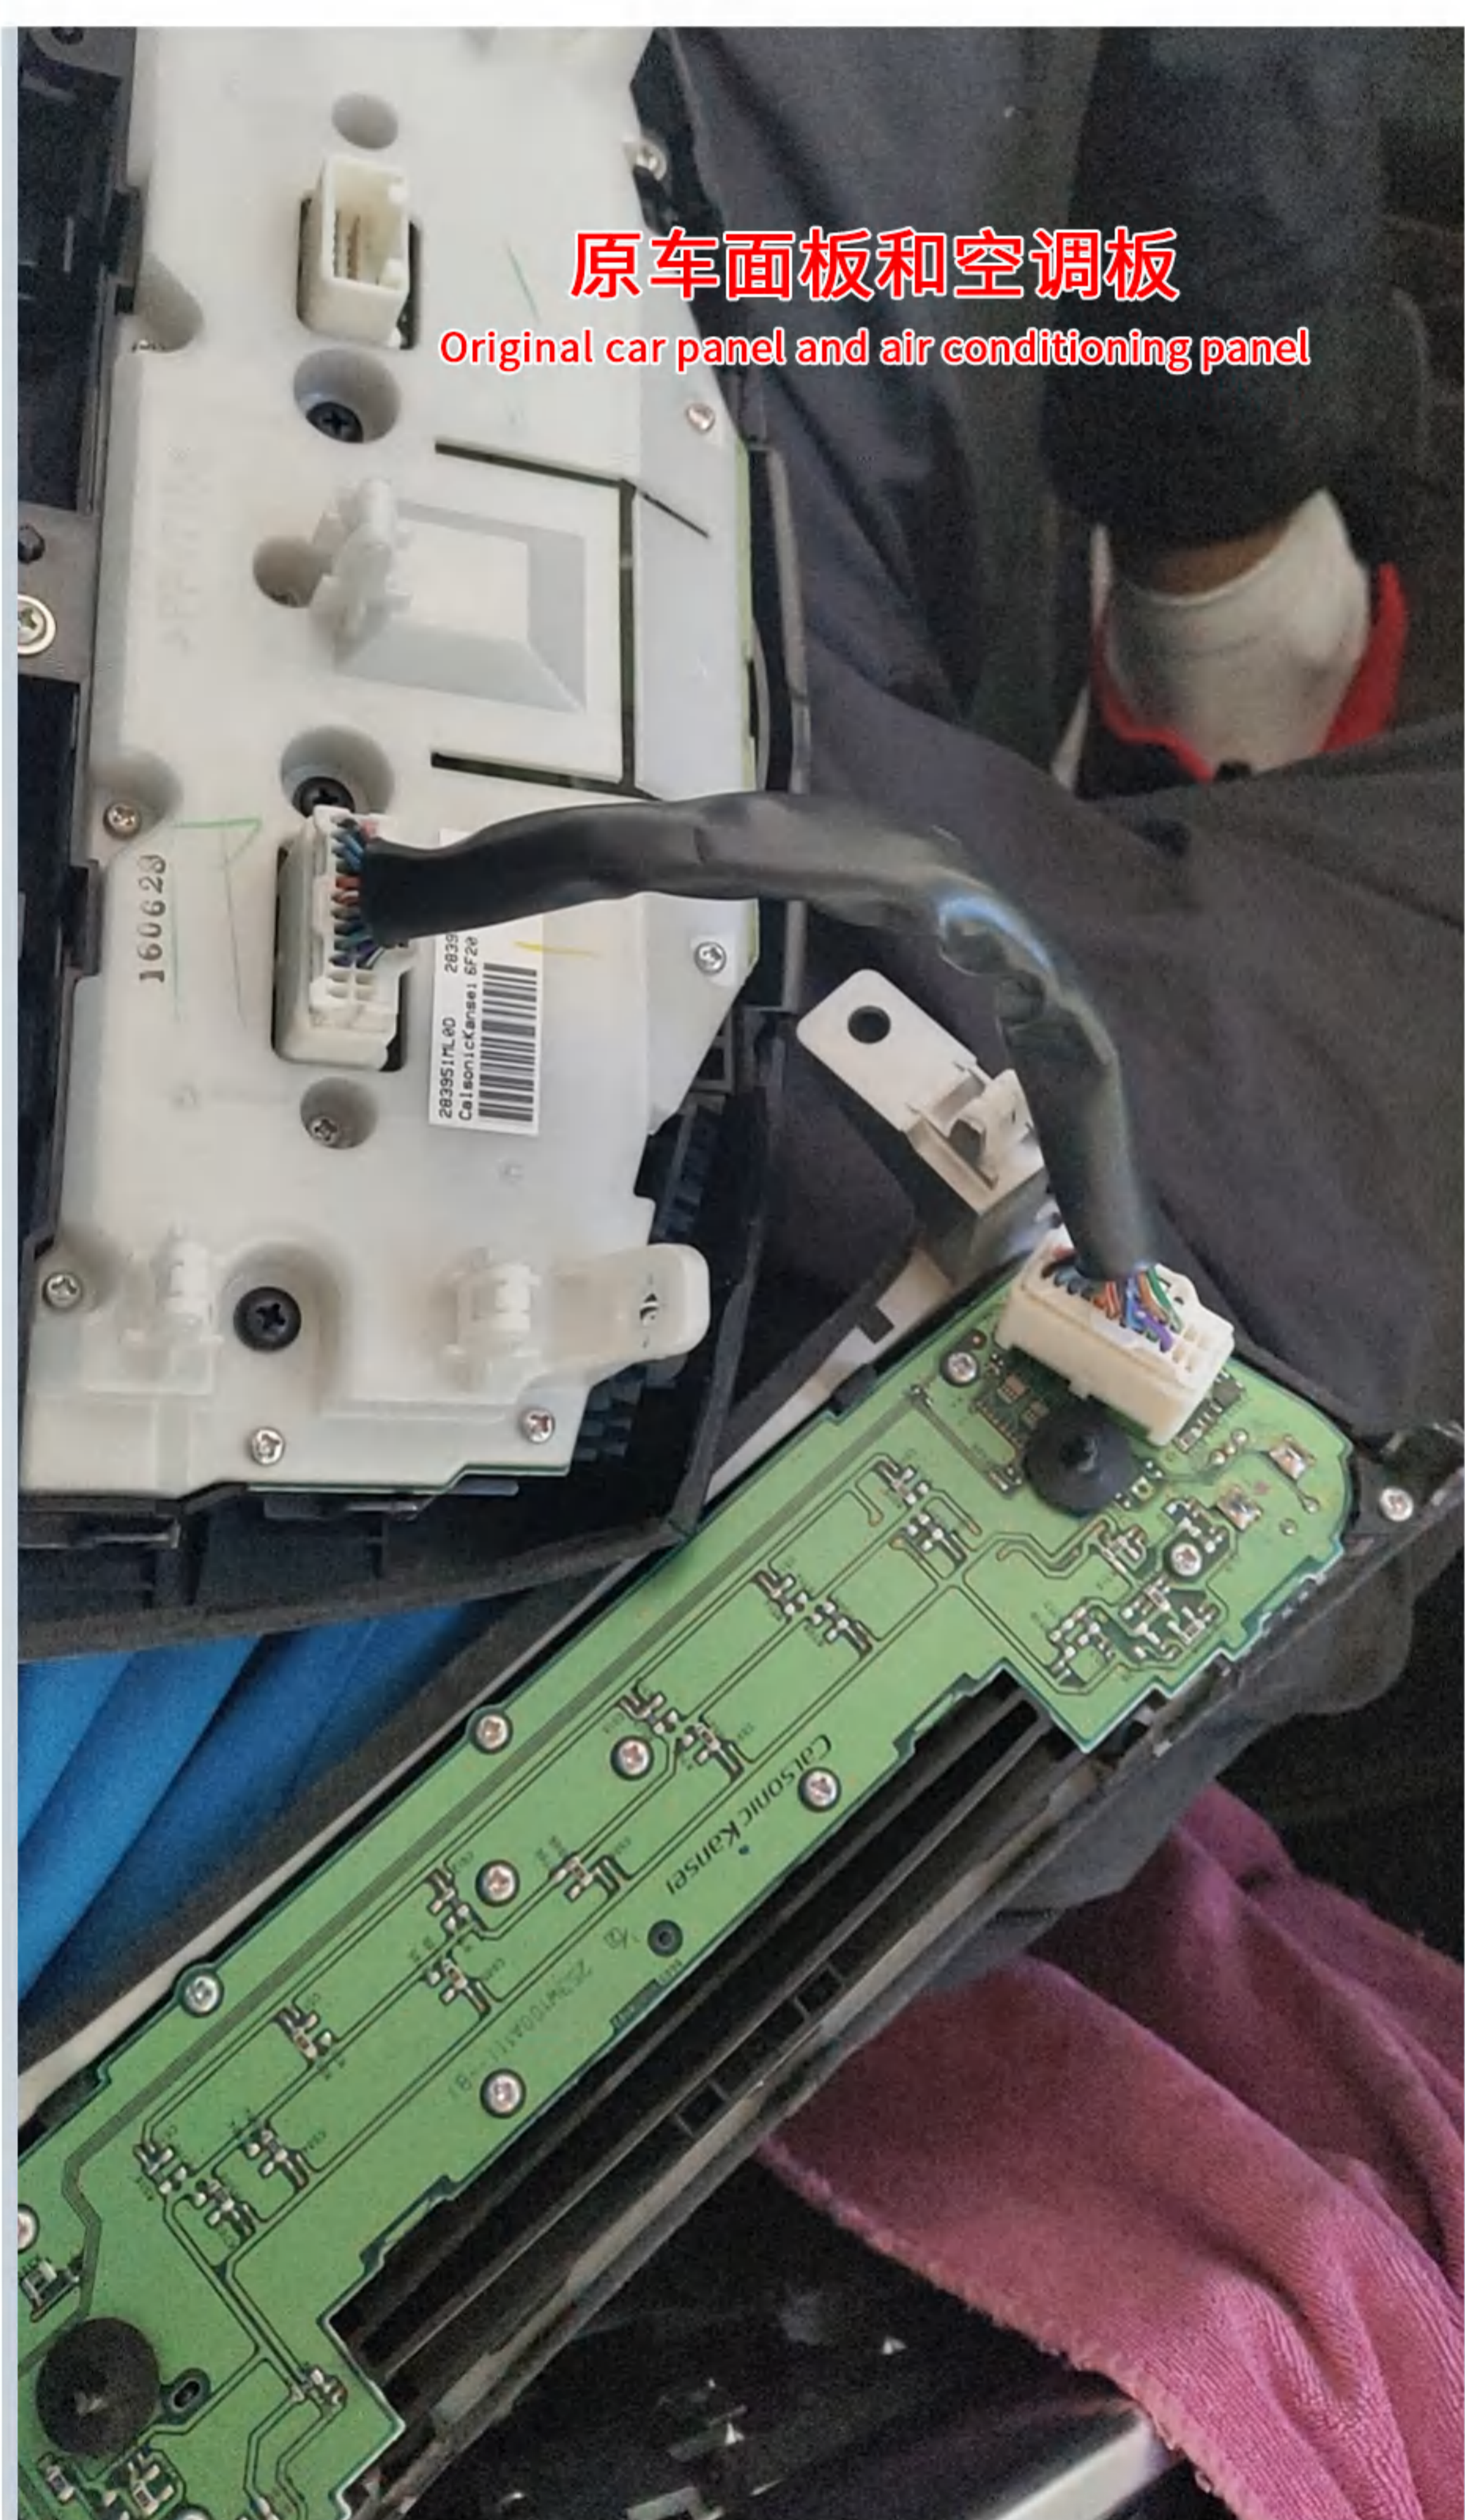

原车CD机背面图
Back of the original CD player

- 1. 后视镜转接线
Rear view adapter cable
- 2. 是原车屏线
original car screen line
- 3. 是电源线
Power cord
- 4. 头枕线
Headrest thread
- 5. 是CAN线
CAN line
- 6. 是空调线
Air conditioner cable
- 8: 是喇叭线
Line 8 is the horn line

注意，5和6别插错，插错会烧原车空调，也有可能会出现另一种问题
Note, 5 and 6 do not insert the wrong, insert the wrong will burn the original car air conditioning, there may be another problem

图②

原车面板和空调板
Original car panel and air conditioning panel

原车面板线是这样插的，注意：
原车空调面板线是和下面CD机面板对插的，
这两个插头和CD机上的2号插头是一样的，
切记别插错

The original car panel wire is inserted like this, note:
The original car air conditioning panel cable is plugged into the CD player panel below, these two plugs are the same as the number two plug on the CD player, make sure you don't insert it wrong

图③

原车屏背面图
Back of the original car screen

原车屏，背面图，原车屏的线是RGB
视频信号，注意原车CD有一个插头
是一样的4号插头
Original car screen, back picture, original car screen line is RGB
Video signal. Note that the original CD has a plug
It's the same number four plug

图④

二代原车中控图
The second generation of the original car center control diagram

原车界面和旋钮不一样
The original car interface and knob are different

图⑤

二代英菲尼迪线材

Second generation Infiniti wire

图①1、3、5对插线
图②1、3、5、8对插线

图①和②中
1是后视镜线
Rear sight line

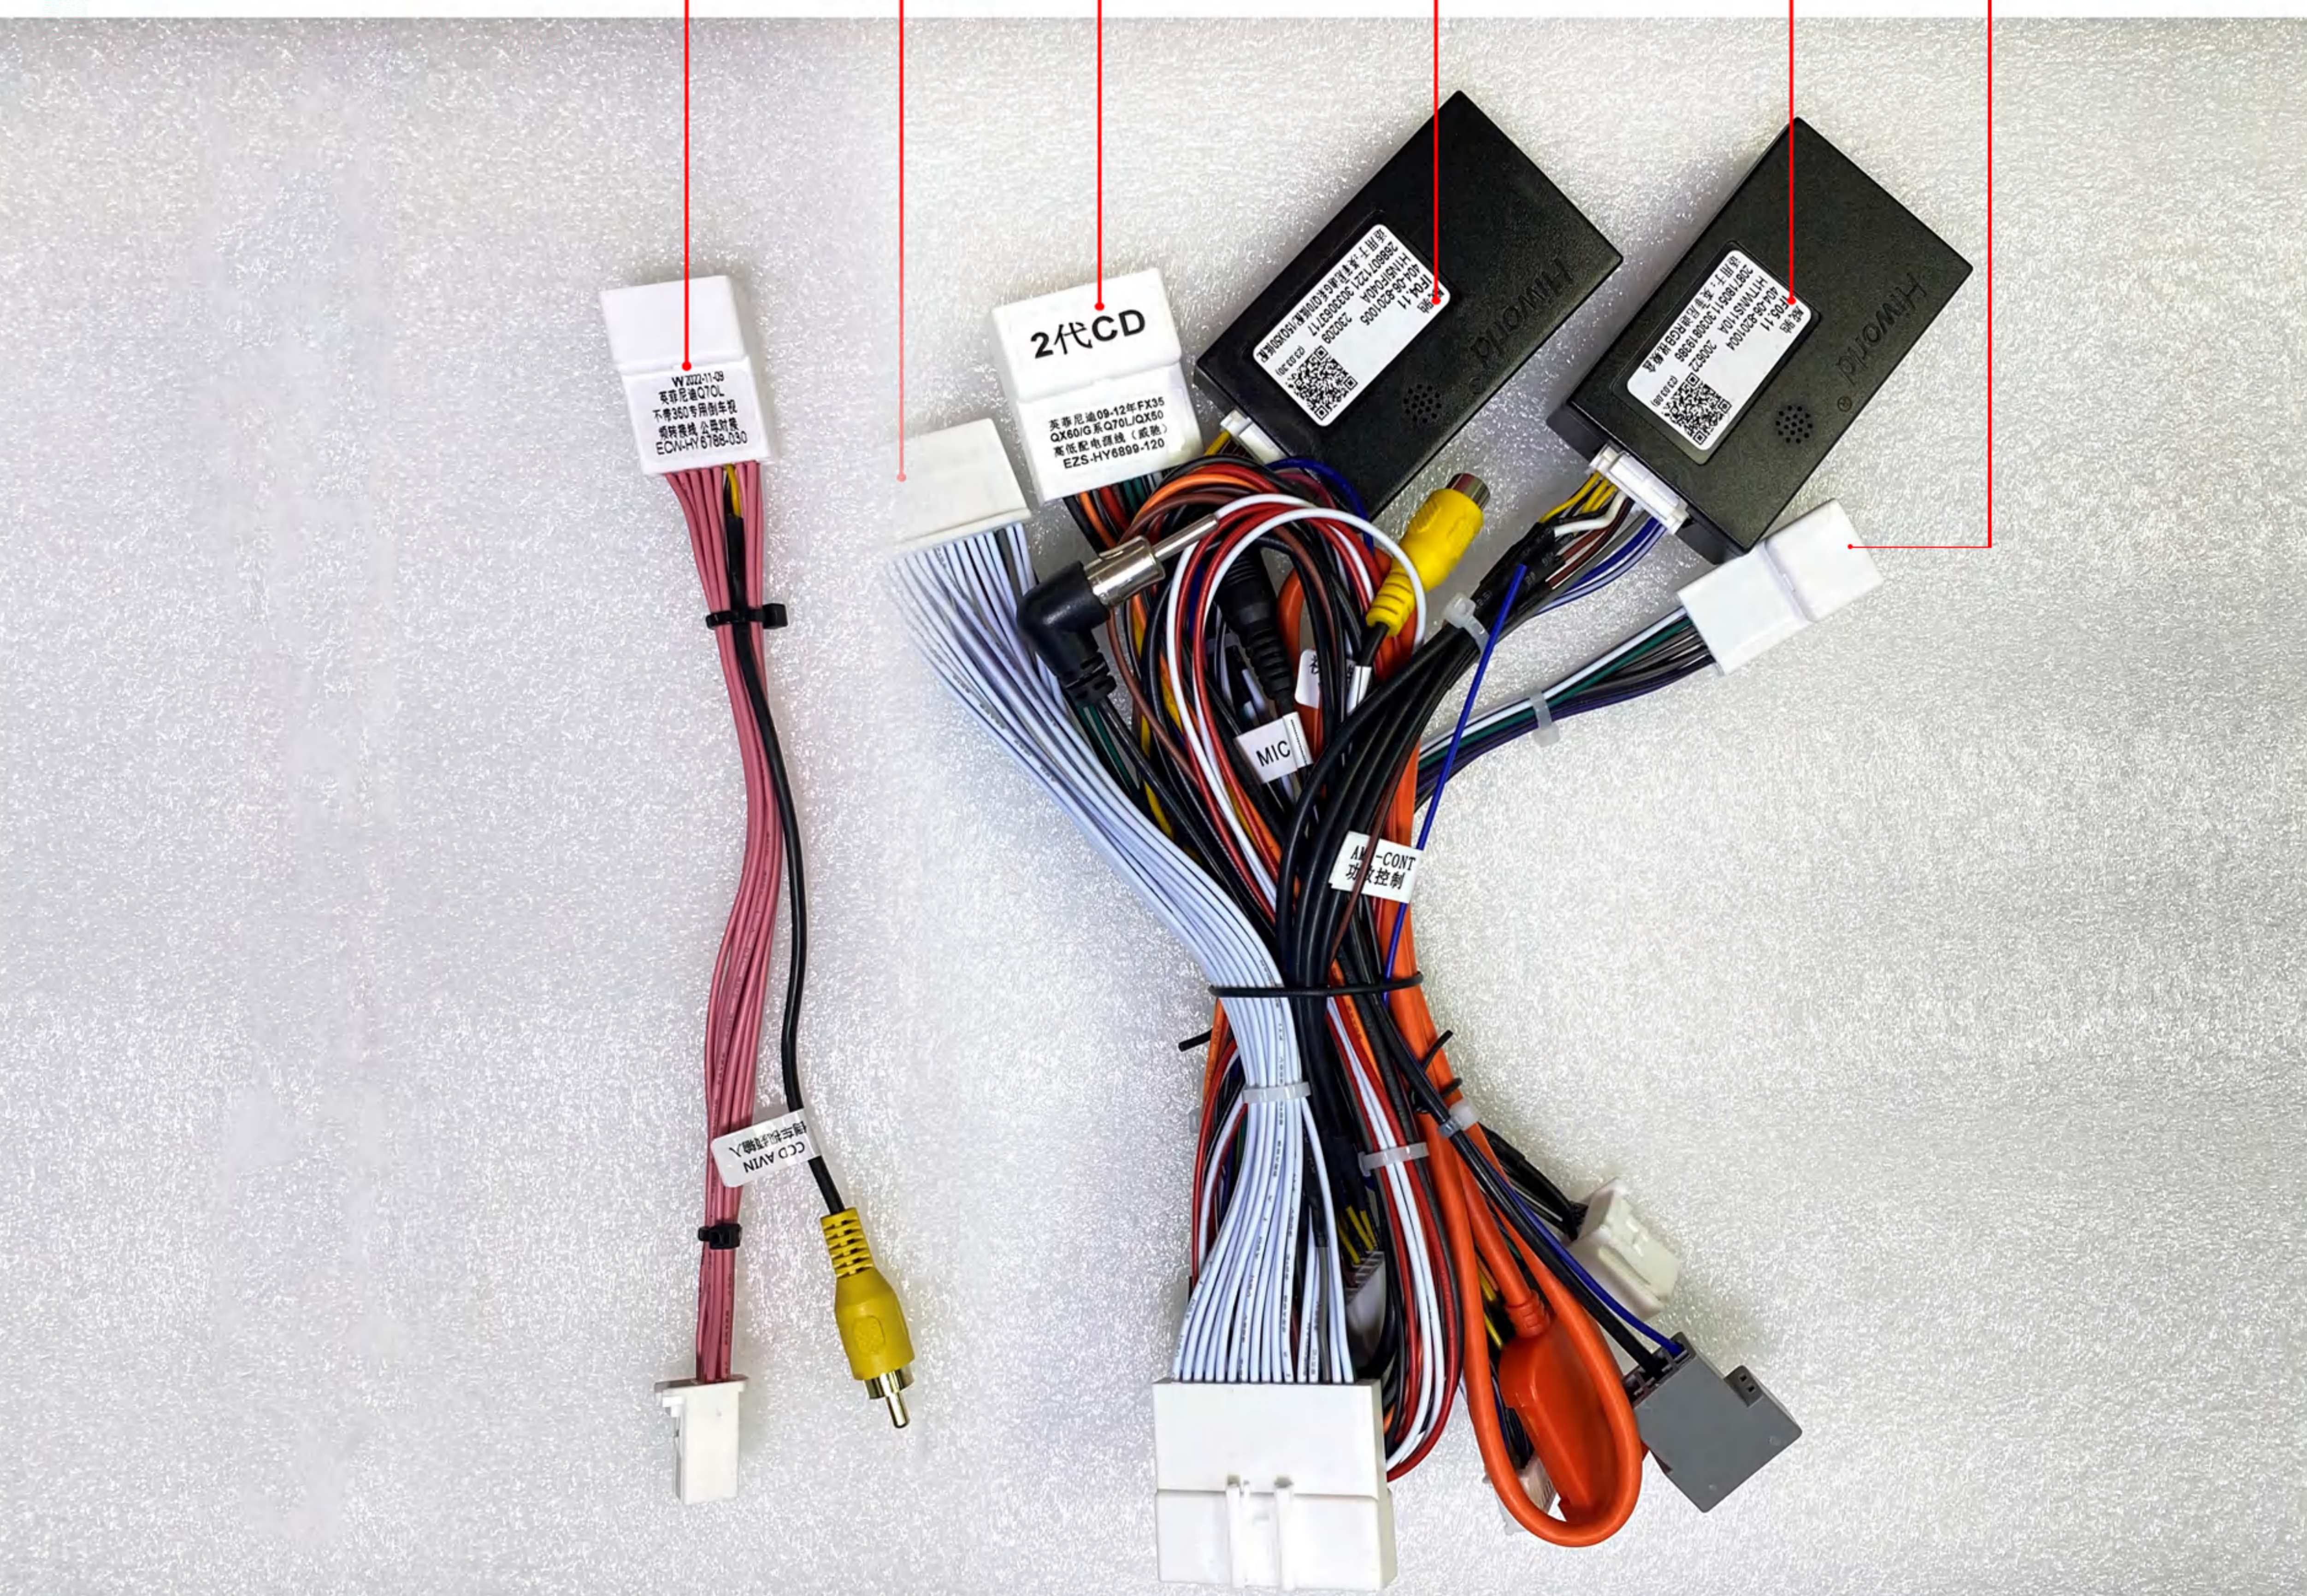

图①和②中
5是CAN线
CAN line

图①和②中
3是电源线
power cord

协议盒
Protocol box

RGB视频盒
RGB video box

图②8是喇叭线对插
Figure ②8 is the speaker wire pairing

英菲尼迪横屏Q70三代CD机区分图

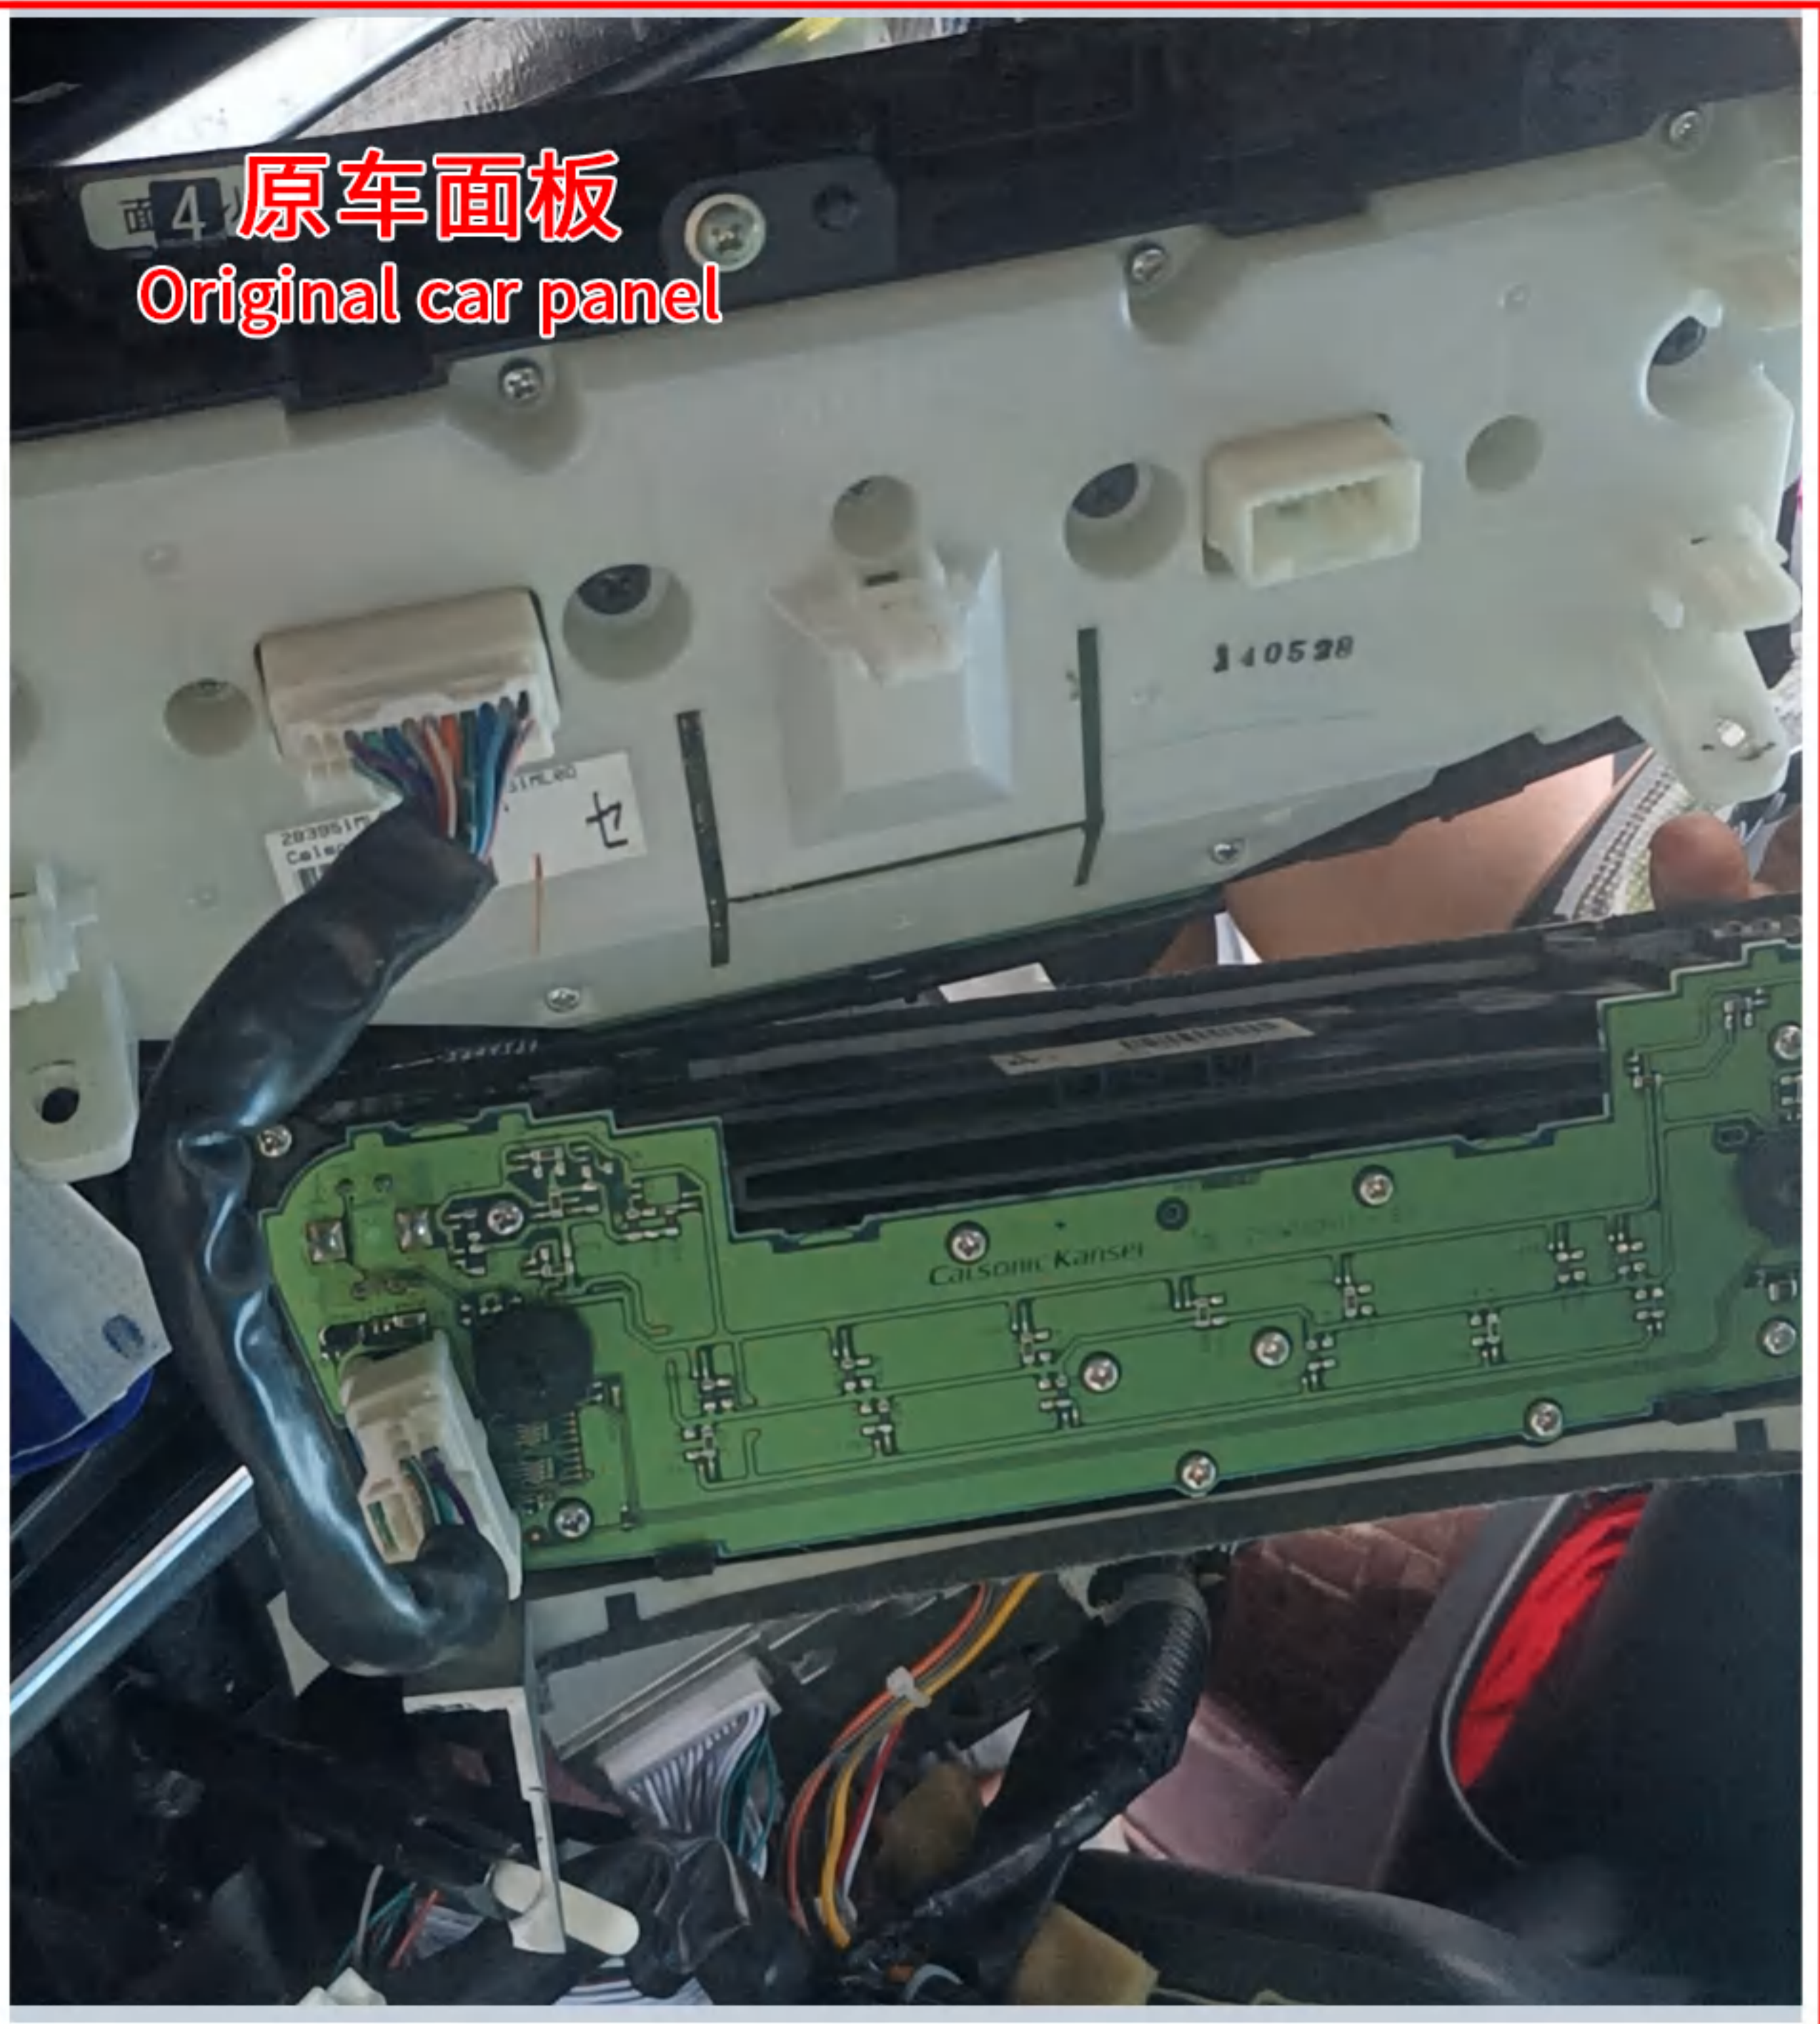

Infiniti landscape Q70 three generation CD player distinction

- 1.未知unknown
- 2.电源线Power-Cord
- 3.未知unknown
- 4.未知unknown
- 5. CAN线CAN power cord
- 6. 原车空调盒信号线
Original car air conditioning box signal cable
- 7. 原车空调盒信号线Original car air conditioning box line

拆车时注意：4和7, 5和6, 原车线位是一样的, 千万别插错, 容易烧掉原车的保险丝和原车空调盒
Note when dismantling: 4 and 7, 5 and 6, the original car line position is the same, do not insert the wrong, Easy to burn the fuse of the original car and the original air conditioning box

图①

原车面板线是这样插的, 注意: 原车空调面板线是和下面CD机面板对插的, 这两个插头和CD机上的2号插头是一样的, 切记别插错

The original car panel wire is inserted like this, note: The air conditioning panel cable of the original car is plugged into the CD player panel below, which The two plugs are the same as the number two plug on the CD player, remember, Don't misplug
